Valor Students and Parents:

If you are looking for a great laptop for your school year, here are some suggestions and price categories that are program specific.

**Inexpensive Options:**

Price range: \$200 to \$400, great for general word processing, Google apps, Office 365 online and some video streaming

Recommended: Google Chromebooks  
Choose a major manufacturer such as Samsung, Asus, Acer, Dell, Lenovo or HP. Available from Best Buy and online retailers

A great value right now is the Samsung Chromebook at Best Buy for \$200

**Mid-Priced Options:**

Price range: \$500 to \$1000, perfect for most day to day activities like word processing, Google apps, Microsoft Office online and video streaming. Also good for computer programming, math, science, English and more.

Recommended: Microsoft Surface Laptop: Current price - \$799  
Apple MacBook Air: Current price - \$899

**High-End Options**

Price range: \$1000 to \$2500, ideal for use in the STEM program, VR, graphic arts and video editing

Recommended: Acer Predator Helios - \$1200  
Apple MacBook Pro with Touch Bar - \$2400
