

## Zoom Login Instructions for Students

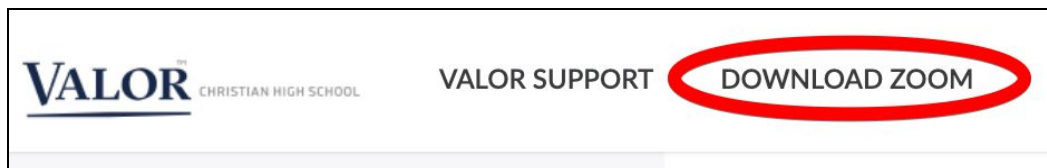

These are the steps necessary to ensure you have a smooth experience.

**Should you have any issues or questions, reach out to us at [helpdesk@valorchristian.com](mailto:helpdesk@valorchristian.com)**

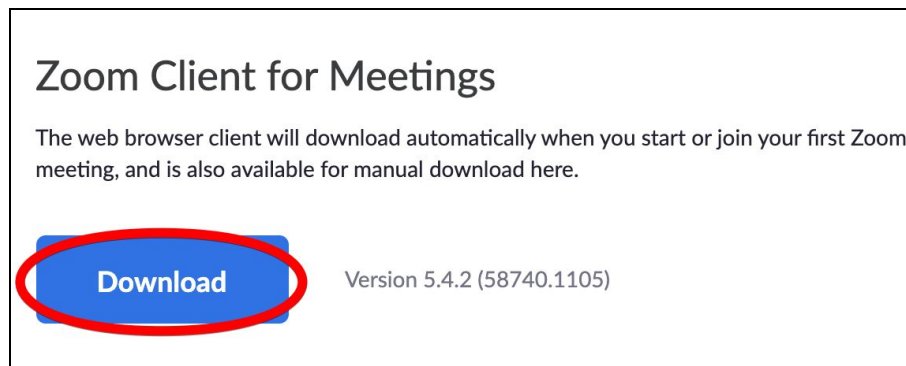

1. Visit <https://valorchristian.zoom.us>
2. Click Sign In. If prompted, login with your @govalor.com email address and password just like you would for your email.

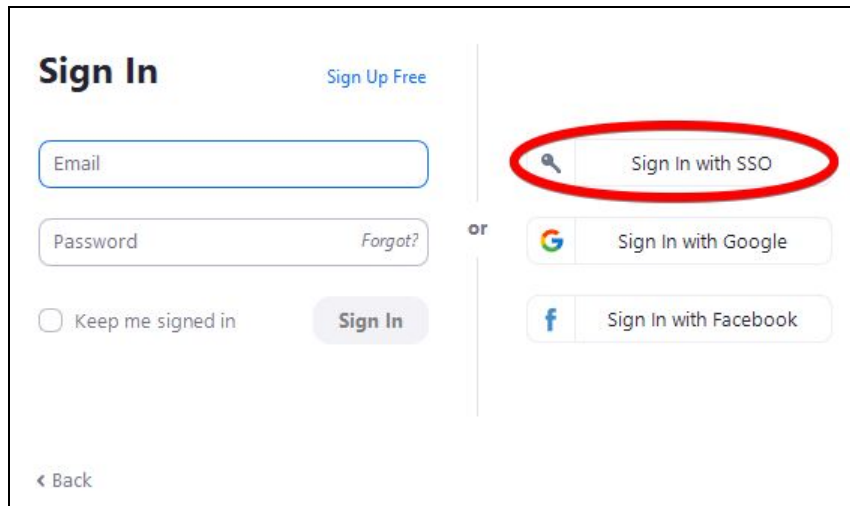

3. In the upper left-hand corner, click "DOWNLOAD ZOOM".

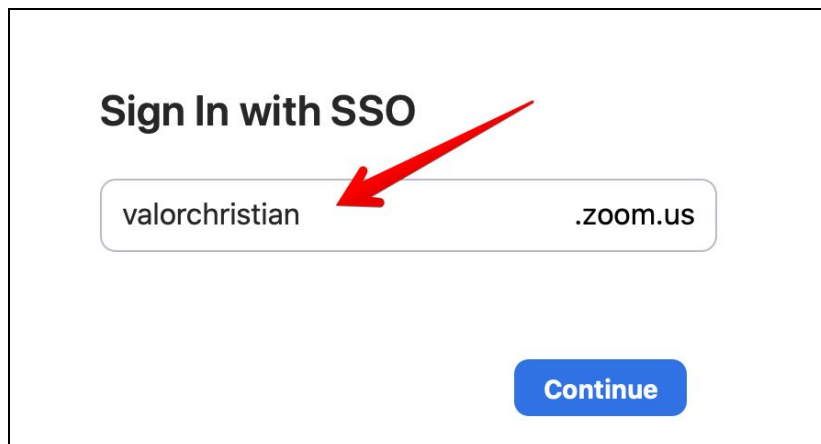

4. On the following page, click the blue download button to download the Zoom Client For Meetings.

- An installer will download. Open the installer and follow the process appropriate to your device.
- Open Zoom once installed. A sign in page will appear. Click Sign in with SSO. Do not use sign in with Google or sign up for an account.

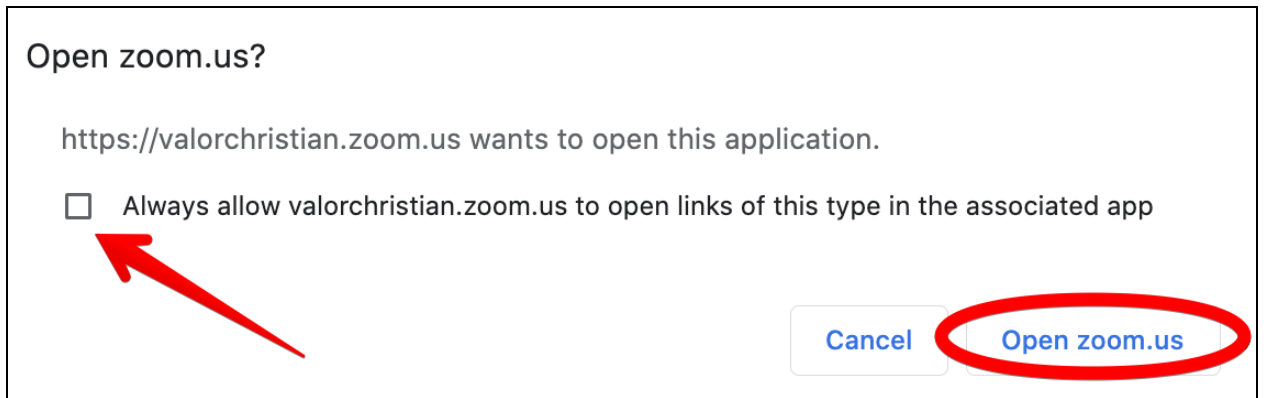

- Enter valorchristian on the following page and click continue.

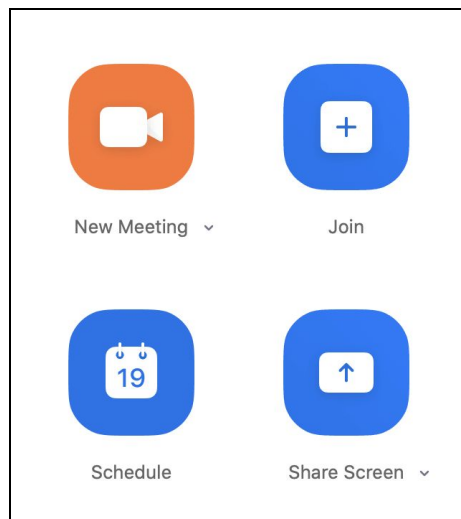

- If prompted, log in with your @govalor.com emails address and password just like you would for your email.

9. Once logged in, it will take you to the following page. Click the check box next to “Always allow valorchristian.zoom.us to open links of this type in the associate app” and then click open zoom.us.

10. You will now be fully logged in to Zoom when you see these four buttons in the zoom app.

11. To join your teacher's class, click on the link posted in the Unit 0 section of your class in Schoology or visit the Remote Learning page in the four box menu in Schoology and click on your teacher's name. Your Zoom app will automatically launch and you will join the meeting.
